Product-Led Onboarding Ramli John, 2021-06-04 When you borrow a plate from grandma, does she ask you to pay a deposit? Of course not. Likewise, blocking your non-paying (freemium) customers from the core experience of your product, is like chopping your own leg off while running a marathon. Yet, this is just one of the crucial mistakes that most SaaS companies make right off the bat. Think about it. Do YOU have... Stalled accounts taking up valuable space? Sub-par clients who only expect freebies and don't ever use the full features of your product? Low conversion from free accounts to paid? Then, you might have a shot-yourself-in-the-foot problem. In this book, you'll find the easy, 6-step formula you can apply to your operations today that can change absolutely everything. You'll be able to count your company among giants like Mixpanel, Ubisoft, and Outsystems when you: Captivate clients' attention from the get-go. Make it easier for clients to get good at using your software so they are more likely to use it. Create a fool-proof checklist to make your product go viral. Match services with behaviors, and get users addicted to your product. Win rave reviews by making clients feel like VIPs. Use this strategy at each level in your team to supercharge its effect. Rinse and repeat, and watch your business grow while you sleep. In short, you'll discover why putting your customer first is the ultimate secret to growing your company. And how you can achieve astronomical conversions and customer loyalty without even trying. Check out what others are saying:

Locally Laid Lucie B. Amundsen, 2016-03-01 How a Midwestern family with no agriculture experience went from a few backyard chickens to a full-fledged farm—and discovered why local chicks are better. When Lucie Amundsen had a rare night out with her husband, she never imagined what he'd tell her over dinner—that his dream was to quit his office job (with benefits!) and start a commercial-scale pasture-raised egg farm. His entire agricultural experience consisted of raising five backyard hens, none of whom had yet laid a single egg. To create this pastured poultry ranch, the couple scrambles to acquire nearly two thousand chickens—all named Lola. These hens, purchased commercially, arrive bereft of basic chicken-y instincts, such as the evening urge to roost. The newbie farmers also deal with their own shortcomings, making for a failed

inspection and intense struggles to keep livestock alive (much less laying) during a brutal winter. But with a heavy dose of humor, they learn to negotiate the highly stressed no-man's-land known as Middle Agriculture. Amundsen sees firsthand how these midsized farms, situated between small-scale operations and mammoth factory farms, are vital to rebuilding America's local food system. With an unexpected passion for this dubious enterprise, Amundsen shares a messy, wry, and entirely educational story of the unforeseen payoffs (and frequent pitfalls) of one couple's ag adventure—and many, many hours spent wrangling chickens.

Simple Shui for Every Day Amanda Gibby Peters, 2019-11-27 Feng Shui is a practice that prioritizes the energy of our surroundings in specific ways. Under its influence, we attract and hold onto chi that supports our happiness and well-being. Think of it as home improvement-meets-self empowerment! So, what you can expect in the pages ahead? There are 365 prompts. One for every day of the year. However, these aren't specific to the time of year or prescribed in a specific order. All the suggestions are more of a grab-and-go, so have fun! Some are straightforward Feng Shui: do this; don't do that. Some focus on chi (energy) enhancers because all of us deserve an entourage of encouragement. Some spotlight the 5 Chinese Elements - Wood, Fire, Earth, Metal, and Water - and how they influence our behavior and feelings. Some are straight up motivational. Not every day will feel like a shui day. These will be the connective tissue to keep you in the game while you take a break. Some talk about clutter. Clutter is resistance, which means you need to clear it for the magic of shui to have any sway! And some are dedicated to space clearing - a form of energetic cleaning. These tips are like a greatest hits' compilation, mindfully gathered from all my studies as well as the clients I've been blessed to work with along their journeys. What we experience in life is often reflected energetically in our surroundings. And when we change what's happening around us in a positive way, we reconfigure what happens in our lives as well - one day at a time!

Fighting Injustice Michael E. Tigar, 2002 In *Fighting Injustice*, famed trial attorney Michael E. Tigar describes the battles - both inside and outside the courtroom - that have made him one of the world's most courageous defenders of personal freedoms. From his days as a student leader at the University of California at Berkeley in the early 1960s to his representation of Terry Nichols, the Oklahoma City federal building bombing conspirator, Tigar has championed personal rights and freedoms and has come to the aid of countless defendants in need of representation, regardless of the unpopularity of the cause.

Jungalow: Decorate Wild Justina Blakeney, 2021-04-06 From Justina Blakeney, the ultimate guide to designing wildly creative interiors that are free-spirited, layered, and deeply personal Justina Blakeney's new book is her biggest, boldest, and most beautiful volume yet, filled with irresistible style, original patterns, and artwork—lushly photographed by Dabito. In each chapter, Justina shares her distinctive point of view on everything design fans want to know—how to make bold choices with color and pattern, how to take cues from nature, how to authentically glean inspiration from their heritage and travels, how to break rules, and all the other paths to truly begin to decorate wild. Along the way, Justina also shares personal narratives, practical advice, and nuanced insight into how she lives in her own space—how she reconnects with nature, how she plays and stays inspired, how she gives herself permission to feel free and wild, and how readers can do the same. Jungalow is the term coined by Justina for the brand that embodies her wild, but cozy and homey, style. Copycats abound, but there is no other book like this one—offering Justina's authentic, encouraging voice and approachable, signature style.

Swan and Maclaren Julian Davison, 2020 Swan & Maclaren were one of the main architectural practices working in Singapore from their foundation in 1892 through to independence in 1965. As such, the history of Singapore architecture, during that period, is very much the history of Swan & Maclaren. The output of the firm was extraordinary, ranging from corporate blockbusters like the Hongkong & Shanghai Bank and the Union Building of the 1920s, to factories, shophouses, department stores, hotels, schools and university buildings, railway stations, churches, mosques, a synagogue, bungalows, even the odd cattle shed. The scope of the book covers the period from the mid-1880s, when the two eponymous founding

partners, Archibald A. Swan and J.W.B. Maclaren first came to Singapore, and continues through to the end of the British era in 1965.

Marilyn Manson by Perou, 2020-05-19 'I often get asked, 'Who was your favorite person to photograph?' or 'Who is the best person you've photographed?' says photographer Perou. 'It's always 'Marilyn Manson.' Which is just as well, considering how many times I've photographed him.' Perou has been photographing Marilyn Manson since a 1998 magazine cover shoot. Twenty-one years of collaborating have resulted in this unique book, featuring over 350 photographs including previously unpublished work, conceptual portraits, onstage and informal behind-the-scenes images, giving a rare insight into Manson's world.

Ethics Consultation Mark P. Aulisio, Robert M. Arnold, Stuart J. Youngner, 2003-05-08 In the clinical setting, questions of medical ethics raise a host of perplexing problems, often complicated by conflicting perspectives and the need to make immediate decisions. In this volume, bioethicists and physicians provide a nuanced, in-depth approach to the difficult issues involved in bioethics consultation. Addressing the needs of researchers, clinicians, and other health professionals on the front lines of bioethics practice, the contributors focus primarily on practical concerns—whether ethics consultation is best done by individuals, teams, or committees; how an ethics consult service should be structured; the need for institutional support; and techniques and programs for educating and training staff—without neglecting more theoretical considerations, such as the importance of character or the viability of organizational ethics.

Outside Insight Jorn Lyseggen, 2017-10-12 Is your business looking out? The world today is drowning in data. There is a treasure trove of valuable and underutilized insights that can be gleaned from information companies and people leave behind on the internet - our 'digital breadcrumbs' - from job postings, to online news, social media, online ad spend, patent applications and more. As a result, we're at the cusp of a major shift in the way businesses are managed and governed - moving from a focus solely on lagging, internal data, toward analyses that also encompass industry-wide, external data to paint a more complete picture of a brand's opportunities and threats and uncover forward-looking insights, in real time. Tomorrow's most successful brands are already embracing Outside Insight, benefitting from an information advantage while their competition is left behind. Drawing on practical examples of transformative, data-led decisions made by brands like Apple, Facebook, Barack Obama and many more, in *Outside Insight*, Meltwater CEO Jorn Lyseggen illustrates the future of

corporate decision-making and offers a detailed plan for business leaders to implement Outside Insight thinking into their company mindset and processes.

Department of Death Lev Raphael, 2021-04-09 Raphael makes the most of the academic setting of his immensely enjoyable....Raphael's witty prose enhances a crafty plot. Publishers Weekly starred review Years ago Nick Hoffman was given a position in the English Department at the State University of Michigan because SUM wanted to hire his partner as writer-in-residence, but now he's been unexpectedly installed by his dean as chairman of that department. It's a wildly unpopular choice, and he's suddenly the focus of more animosity from his colleagues than he's ever dealt with before. He can't seem to make anyone happy and can't get a handle on his myriad new responsibilities as an administrator, a position he never wanted. Then tragedy strikes again way too close to home: Someone seeking his help is murdered, and under the shadow of another recent murder, Nick is a prime suspect. Hounded by campus police, the local press, and social media, Nick wonders if this could finally be the end of his career—that is, if he manages to stay out of prison. In the spirit of David Lodge, Francine Prose, Richard Russo and Jane Smiley, *Department of Death* is Lev Raphael's most blistering satire yet of the current perversity of academic life.

Climb Strong: 100 Training Tips Steve Bechtel, 2017-07-31 This book was originally published in 2013 as an ebook on the Climb Strong site. I added it to the book Strength as an appendix, under the name of Successful Sessions: 34 Training Tips for Successful Rock Climbing. I had originally written it as ten tips, then fixed on twenty five. By the time I'd finished, I stopped at the nice, round number of 34. Since that time, my learning and communicating with more accomplished coaches and climbers has increased substantially. In fact, there are many days that I do little at my normal job (running the gym), and instead spend hours communicating with climbers. This has been a hard transition, made easier by the efforts of my wife, Ellen, as well as Charlie Manganiello, Shelby Duncan, Kevin Wallingford, and Emily Tilden, who keep Elemental running and improving. I am pleased to admit that I am now the worst coach at the gym. When I looked at the updated list in the fall of 2015, I saw that we had collected well over a hundred tips, from one-line reminders to full-life plans. Over the winter of 2016/17, we whittled the tips down to exactly 100, and tried to keep them short and to the point. This is not so much a book to read in one sitting, but rather one to take in one or two tips at a time. This book is free to download with a paid membership to our site.
